Report Description
<p>This report provides "all available details" from the Handler module and summarized information from the Waste Activity Monitoring module for the specified RCRA site. Details reported include basic site identification information; handler universe information; source record information including location and mailing address, contact person and address, NAICs, and regulated waste activities. For Biennial Report source records on or after the 2001 BR cycle, additional information reported includes quantity totals (generated, managed, shipped, received), and the top ten GM forms by quantity generated.</p> <p>Information reported for the RCRA site may be limited by latest historical information and most recent Biennial Report cycle. The data is sorted by the most recent Received Date.</p> <p>Note: Some data is suppressed if it is null or blank. See the Reports Library documentation in RCRAInfo Help for additional details.</p>

Notes

Public: The reason for the update is due to the incorrect company name associated with the Waste Generator ID No. NJR000022178. This ID number is assigned to a company that is no longer at this address (Strategic Technology Systems, Inc.). Princeton Optronics Inc. member of ams, has been operating at this address since 2002. Waste manifests have been completed for this site and our Generator (Veolia EPA ID TXD000838896) has been responsible for removal of our hazardous waste from this site.
